Rubbing paper can be mailed if needed. Just let Goose Ridge Monuments know so we can get it to you in the mail.

Take a rubbing of both names. Refer to the steps below:

**Step 1.** Tape blue side against the stone so the paper is tight.

**Step 2.** Use a tennis ball and with medium pressure, rub the ball over all areas with inscriptions and cut lines. (The paper must remain in place and tight to the stone. You do not want the ball to roll; hold the ball firmly in hand.)

**Step 3.** Remove the paper from the stone once all the cut lines and inscriptions are clear and readable.

**Step 4.** Mail the rubbing paper with the order form to Goose Ridge Monuments.
